Marketplace wisdom anchored in biblical truth

Biblical wisdom for real rooms, real pressure, and real people.

BIOGRAPHY

Kgomotso "Kay" Hargraves is a global speaker, Christian author, executive financial-crimes specialist and advisor, entrepreneur, lecturer, leadership coach, and daughter of the Most High. She speaks from Botswana roots, marketplace leadership, boardroom experience, and a deeply personal faith journey that gives language to pressure, identity, fear, courage, integrity, and purpose.

Kay has served in senior financial-crimes, compliance, advisory, and governance spaces connected to major American financial institutions and African boardrooms. Her voice bridges church, marketplace, boardroom, and living room with one conviction: biblical wisdom belongs in real life.

As the author of *Quieting the Storm* and *Unmasking the Spirit of Fear*, and publisher of *Anchored Leadership*, Kay helps audiences confront fear, recover peace, lead with clarity, and walk in God-given authority without losing who they are.
